➤ NOTE: MEASUREMENTS SHOULD BE RECORDED IN CENTIMETERS TO THE TENTH DECIMAL POINT AND HAVE LEADING ZEROES

Waist Circumference:

1st Reading

2nd Reading

Difference

Tolerance

3rd Reading (if diff >1.0 cm)

≤ 1.0 centimeters

CENTIMETERS

CENTIMETERS

CENTIMETERS

CENTIMETERS

Measurement Comments (check all that apply):

- ☐ Taken over clothing (do not count non-binding undergarments such as regular underwear)
- ☐ Difficulty measuring (e.g. participant had challenging body type, had arm swollen from surgery, was sitting down, was wearing medical device/garment)
- ☐ Unable to take some/all measurements (e.g. participant refused, unable to raise arm, was in pain, was pregnant, was in a public place)

Hip Circumference:

1st Reading

2nd Reading

Difference

Tolerance

3rd Reading (if diff >1.0 cm)

≤ 1.0 centimeters
